

A worker in a grey shirt and safety glasses is focused on a task in a factory setting. They are wearing yellow gloves and using a power tool on a metal frame. The background shows industrial equipment and bright overhead lights.

THRUWAY

AN OEM-CENTRIC DISTRIBUTION COMPANY

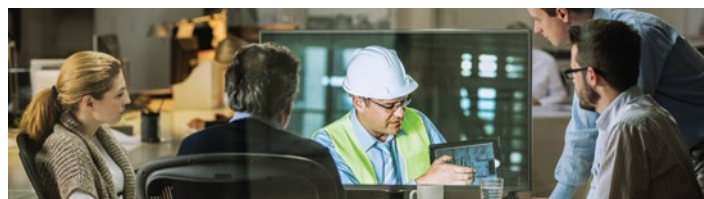

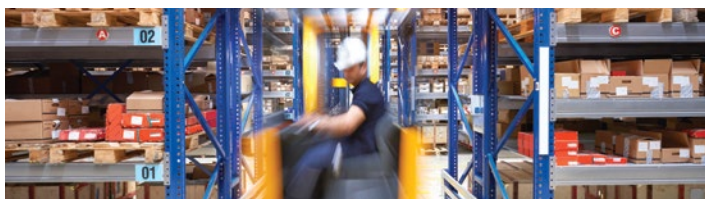

60 PLUS YEARS OF EXPERIENCE SERVING OEM MANUFACTURING
ThruwayInc.com

YOUR TRUSTED ADVISOR

WE HAVE SPEED TO MARKET AGILITY

Thruway has remained a privately held organization ensuring our ability to adapt with the responsiveness required in today's rapidly changing manufacturing environment. We are a WBENC certified woman owned business and maintain an AS9120A / ISO 9001 certification

VMI Program Management / Service Models

- 300+ Custom Designed VMI's
- Value Stream Mapping Analysis performed to ensure development of optimal delivery processes
- In-plant management, mobile inventory scanning, consignment, point-of-use, dock-to-stock, drop ship, vending and local Thruway owned truck delivery
- Inventory Optimization to turn procurement dollars into cash flow
- Multisite Management and LTA's

Application & Design Support

- Engineering Support Services designed to ensure the highest quality and reduce TCO (Total Cost of Ownership)
- VA / VE Driven & Delivered Results
- Dedicated Outside Sales Representatives
- Sourcing, Engineering and Procurement teams can handle all your needs: Domestic, International, Secondary Operations, Kitting, Assembly, Etc.

Technology

- Available Online Customer Portal with access to: VMI stocking levels, On Order data, Delivery Status, Invoicing details and more
- Seamless ERP integration of PO/Invoice Processing
- Manufacturing Cost Analysis Reporting with POU detail

THRUWAY KNOWS...

- » Full-Service and In-Plant Locations Serving 46 States & 33 Countries
- » Full-Line Fastening Technology & C-Class Commodity Management
- » OEM Manufacturing & Global Sourcing
- » Your Business's Requirements & Expectations

CORE PRODUCTS

WE ARE MORE THAN JUST FASTENERS

Our solutions allow customers to focus on excelling in today's competitive global markets.

Since 1959 we have been providing technical and engineering resources, supply-chain strategies, market insights, and innovative services that put the needs of our customers first. With tens of thousands of engineered components sourced and managed as well as access to any fastener, PVF or electrical component SKU, Thruway has the ability to source a nearly limitless range of OEM and plant consumable products designed for any application.

Engineered Components

OEM to Print Specials

Fasteners & Hardware

Full Line of Imperial & Metric Standards
